THE HETRICK-WHITE WEDDING.

Beautiful and Impressive Ceremony Took Place Last Wednesday.

One of the most beautiful weddings ever witnessed in Walhalla was solemnized on last Wednesday evening at six o'clock in St. John's Lutheran church, when Miss Florence Hetrick, of Walhalla, became the bride of Wilbur D. White, of Anderson.

The large and handsome church, which lends itself so well to occasions of this kind, never looked more beautiful than it did on this occasion, with its decoration of sweet-peas and ferns and many blooming plants.

As the clock in the steeple of St. John's chimed six, the lovely notes of Mendelssohn's Spring Song were heard, sweetly sung by Mrs. Wade Hughs. At the close of the solo the notes of Lohengrin's Wedding March, beautifully rendered by Miss Edna Brock, of Seneca, heralded the approach of the bridal party, which entered in the following order and proceeded up either aisle to the altar: The ushers, Messrs. Ralph Hetrick and Garwood Jaynes, followed by the Rev. J. A. White, father of the groom, and Rev. W. B. Aull, pastor of the bride. The little flower girls, Katherine and Carolyn Hetrick, twin sisters of the bride, came next. They wore dainty white dresses with pink ribbons, and carried baskets of pink sweet peas and ferns. Master William Langston, bearing the ring on a silver tray, followed. Then came the maid of honor, Miss Marion Hetrick, cousin of the bride. She wore a beautiful gown of white organdie and carried a bouquet of pink sweetpeas. The bride then entered on the arm of her father and the groom with his brother, J. Elmer White, of Atlanta, as best man. They met at the altar, where the beautiful and impressive ceremony of the Methodist church was read by the groom's father, making them man and wife.

The bride's gown was an exquisite creation of white crepe de chine, en

train, and her veil was caught with a band of orange blossoms.

After the ceremony a reception was tendered the young couple at the home of the bride's parents, Mr. and Mrs. W. A. Hetrick, on Mauldin street.

Mrs. White is a young lady of both beauty and charm, and is the eldest daughter of Mr. and Mrs. W. A. Hetrick, of Walhalla, who came South from Philadelphia a number of years ago. She is a talented musician, having graduated from the department of music of Anderson College a year ago.

The groom is the youngest son of Rev. and Mrs. J. A. White, of Columbia, and is a promising young attorney. At present he is located in Anderson, where he holds the position of secretary to Judge H. H. Watkins, of the Federal Court.

The many and lovely gifts attested the popularity of the young couple. After a short wedding trip Mr. and Mrs. White will be at home to their friends in Anderson.

The Courier joins with a host of others in wishing them a long, prosperous and happy journey through life.

Out-of-town guests at the wedding were Mesdames Chas. J. Peters, Mrs. Caroline Blessing and Miss Edna Smith, of Philadelphia; Misses Isabel and Evelyn Cunningham, of Greer, S. C.; Miss Wynanne Shirley, of Lavana, Ga.; Miss Edna Brock, of Seneca; Mrs. Clyde Smith, of Anderson; Rev. J. A. White of Columbia, and J. E. White, of Atlanta, Ga.; Mrs. J. B. Townsend and Miss Sara Townsend, of Anderson, and Miss Edna Blume, of Blackville.

All-Day Singing at Hopewell.

There will be an all-day singing at Hopewell Baptist church on the 4th Sunday in June, the 25th, conducted by Mr. D. Weams, of Rome, Ga. Let everybody come and bring well-filled baskets. Dinner will be served on the grounds. The singing will begin at 10 o'clock. Mr. Weams will also sing at Newry on Monday night, the 26th. Geo. L. Abbott.

DEATH OF MISS HOKE, ATLANTA.

Brought Sorrow to Seneca People. Personal News of Interest.

Seneca, June 13.—Special: Miss Nanalyn Brown made a brief visit to her Seneca friends the first of the week, stopping over on her return to her home at Olympia Springs, Ky., from Albemarle, N. C., where she has been a member of the high school faculty the past year. Miss Brown is very popular in Seneca, where she lived until three years ago, when her father and family moved to Kentucky.

Misses Lela Thompson and Sue Nimmons left Monday morning for Greenwood, where they will join the Elliott touring party. They will be away about three weeks, and their tour will include California and several other States and places of national interest in the West.

Mrs. J. W. Willis, Mrs. Walter Kelley, Miss Maggie Thompson will be among the number of Senecaites to attend the Confederate reunion in Richmond this week.

The State Conference for Young People of the Presbyterian church is being held in Clinton this week. The local Christian Endeavor is represented at this conference by Mrs. Hugh Macaulay, Francis Wallace and G. W. Gignilliat, and Miss Sue Gignilliat, secretary of Young People's Work of the Seneca Presbyterian church.

Oconee county will be most ably represented on the program of the State Sunday School Convention, to be held in Columbia June 20-21-22, Marshall Woodson being the convention chorus leader. Prof. J. P. Coats, of Seneca; Prof. W. S. Morrison, Rev. A. E. Driggers and Dr. D. W. Daniel, of Clemson, all have important places on the program of the convention.

Marshall Woodson, a student of Columbia Theological Seminary, is supplying Richland and Seneca Presbyterian churches in the absence of Rev. I. E. Wallace for the summer.

When the news reached Seneca on Monday that Miss Annie Hoke had passed away in Atlanta early Monday, it brought sorrow to the hearts of a large number of the Seneca friends who knew and loved this dear Christian woman. Miss Hoke lived for many years in Seneca, her parents being among the first citizens to locate here. Her parents preceded her to the grave many years ago.

For several years Miss Annie had made her home in Atlanta with her nieces, Misses Mary and Helen Swan. A good woman has gone to her reward. One sister, Miss Mattie Hoke, and several nieces and nephews are left to mourn her death. The funeral was held in the Methodist church of Seneca, being conducted by the pastor, Rev. H. B. Hardy, immediately after the arrival of the noon train. The interment followed in Westview cemetery.

Mr. and Mrs. W. O. Hamilton have returned to their home in Atlanta after a visit of a few days to Mr. and Mrs. R. D. Nield.

Dr. and Mrs. W. F. Austin and little niece, Elizabeth Lowery, are expected home to-day (Wednesday) from Beaufort, N. C., where they have been visiting Mr. and Mrs. W. L. Austin.

REV. W. B. AULL'S NOMINATION

For Postmaster at Walhalla has Been Confirmed by Senate.

Yesterday about noon Rev. W. B. Aull received a telegram from Congressman F. H. Dominick stating that his nomination as postmaster at Walhalla had been confirmed. This will mean, it is supposed, that the postoffice here will change hands on or about July 1st, as there are numerous details that will have to be completed before the transfer can be made.

Mr. Aull will succeed N. L. Fant, who has been postmaster here for a number of years, and has been one of the best and most capable officials who have ever held the office. The service has been greatly improved under his administration, and the Walhalla office ranks as one of the best kept and most progressive offices in its class.

Mr. Aull has at times rendered service in the postoffice here as a special employee, and the duties will not be entirely new to him, though his experience has not been extensive.

Jake Terry to be Electrocutted.

Hampton, S. C., June 10.—Jake Terry, who was tried and convicted of the murder of Thaddeus Fulton, another negro, at a negro church near Estill, in this county, in April of this year, was sentenced on Wednesday morning to die by electrocution on June 23d. Judge Peurifoy pronounced the sentence.

It was on Sunday morning, April 26, while the congregation of Good Will church was celebrating the holy communion, that Jake Terry walked to the door of the church, and, seeing Fulton, pulled out his pistol and emptied the contents into the body of Fulton, killing him instantly. After committing the murder Terry, in an effort to escape, shot several times at white members of a posse trying to effect his capture.

COUNTY AGENT'S NOTES.

Will Try Dusting.

The government-approved type of dusting machine for boll weevil control has been ordered by W. L. Verner, of Walhalla. The County Agent will supervise experiments in poisoning weevils with this machine on Mr. Verner's farms. An accurate record will be kept of all poisoning and other control methods adopted, and check plots left untreated. At times when applications are to be made other farmers of the county can be on hand to witness the treatment.

Only two other experiments in poisoning are contemplated, these being with S. L. Brown, of Return section, and J. L. Kell, of the Keowee School District. It is probable that hand guns will be used at these places on a very small area.

New Weevils Found So Far.

Only a few genuine boll weevils have been found in the cotton fields so far, insofar as the County Agent has been able to ascertain. Two were found on cotton plants about two weeks ago by S. L. Brown and a lady by W. L. Verner. One or two farmers who have reported boll weevils evidently had mistaken the mullein weevil for the boll weevil.

The faulty condition of the cotton plants observed recently has been caused more by cool, wet weather than anything else.

The cotton plants should be inspected for boll weevils, as the adult weevils which remain over winter are now feeding on the tender buds of the small cotton plants until the squares begin to put on. Only a small number will be found until after squares have put on, for the boll weevil breeds only in the squares and bolls of cotton. New generations will come along then about every twenty-one days or oftener.

As a possible danger this season, much depends on whether or not July and August are rather dry. If wet there will be greater damage; if dry the damage experienced will be less.

Crops Poor Elsewhere.

Cotton observed by the writer all along the way to Columbia recently looked worse, if anything, than cotton in Oconee and Anderson counties. It seemed that much land was abandoned, and many weeds flourished in that which was supposed to be worked. The wet weather seems to have been very general over a great part of the cotton belt.

Shall Oconee Have a Fair?

It seems that all near-by counties have county fairs, and with the great diversity of agriculture possible in Oconee, that we should have one also. Agriculture will be more diversified than ever with the coming of the boll weevil, and that is one of the strong points about fairs—the actual products of the region may be SEEN BY ALL.

If action on the matter of having a fair is taken in time there are plenty of products for exhibition.

J. S. Abbott, of Walhalla Route 1, has done some wonderful breeding work, and has a fine stallion to exhibit.

Coke S. Campbell, of Seneca Route 2, has a fine herd of registered Holstein cattle which would also look good on exhibition.

I. Fate Lee, of Walhalla Route 1, has an "All-Pure-Bred Farm," having nothing but pure-bred Jersey cows, a pure-bred bull, pure-bred hogs, pure-bred chickens, and possibly the hound dogs are pure-bred.

Many other farmers in the county have fine pure-bred animals and also some wonderful crops to exhibit.

WHICH TOWN will work for the fair? There should be a building guaranteed the exhibitors, suitable livestock pavilions or arrangements, and a guaranty of sufficient prizes to be awarded winners in each department.

In the matter of amusement there might be a foot-ball game arranged. A carnival may not be needed, as there may not be that much extra money to spend this fall.

Grows Fine Strawberries.

R. D. McDonald, of Richland, is probably one of the most successful strawberry growers in this section of the State. He states that last year he gathered \$80.00 worth of the luscious red berries from one-eighth of an acre, and he will continue gathering this year's crop until frost. The variety planted is a rare one, resulting from a cross between a Canadian and Western strawberry by a farmer living near Eastley. The variety is now called the "Harrison Early." Some vines were observed last week that would produce about a quart apiece during the week, and they had already been bearing about eighty days, Mr. McDonald stated. He has one acre of this variety now.

Much Rot on Fruits.

Evidently the wet weather has helped increase the spread of rots on grapes, peaches and other fruits this season. Even by spraying the rot is hard to control during wet weather, as the spray does not re-

? Car or Truck ?

I have a good five-passenger Touring Car or a One-Ton Truck which I will trade for a small farm. If interested see me at once.

Arthur Brown,

Walhalla, S. C.

"Oldsmobile Sets the Pace."

main long on the fruit before the rain washes it off.

On grapes and apples Bordeaux mixture should be used, the formula being 4-4-50, or in smaller quantities 1-1-12½, meaning one pound of quicklime, one pound of bluestone, 12½ gallons of water. The lime and bluestone are gradually dissolved with one-half to one gallon of water each, and then diluted separately to 6½ gallons apiece, then poured together at the same time into a third vessel, stirring vigorously. Wooden or earthen vessels should be used. The bluestone will dissolve better in warm water suspended in a sack.

Do You Want Peas?

Those persons wishing to buy some Clay peas now for sowing may group orders through the County Agent at a saving. A farmer in Alabama has several hundred bushels for sale at \$1.60 per bushel. The freight will be about 30 cents per bushel, making the delivered cost about \$1.80 per bushel. Any person wanting these peas should make check payable to "Cowpeas Account," Bank of Walhalla, enclosing check with order for the full amount. This should be done at once. More peas should be sown this year than ever before.

Many Cans Ordered.

There should be no scarcity of canned foodstuffs in Oconee county next year, judging by the fact that a Westminster dealer recently ordered 40,000 cans—a solid carload—to supply the canners of the county. If these cans are all used there should be a smaller amount of money to send out of the county next year for canned foodstuffs.

Geo. R. Briggs,
County Agent.

Civil Service Examinations Again.

The civil service commission invites special attention to the fact that in an examination held recently in several cities throughout the United States for junior chemist, departmental service, applicants were not secured in the number desired, and that this examination will be held again on June 21.

Persons interested in this or other examinations should apply to the secretary of the U. S. Civil Service board or at the local postoffice for detailed information and application blanks.

THE DEMOCRATIC EXECUTIVE

Committee has Arranged Campaign Meetings and Fixed Assessments.

A meeting of the Oconee County Democratic Executive Committee was held at the Court House yesterday, June 13, at 11 o'clock a. m., with Jas. H. Brown, chairman, presiding.

D. A. Smith was elected permanent secretary, vice W. D. White, resigned. After calling the roll of clubs it was found that several of them had not organized, and they were given until July 15, 1922, to do so, and to send in a list of their officers to the county secretary. The secretary was instructed not to give out any enrollment books to any club until it has organized and elected said officers.

Upon a petition from voters in and around Shiloh, asking that a voting precinct be made at that place, a motion carried granting the said petition, and secretary authorized to notify party who sent petition of the action of the Executive Committee, and instructing said club to organize and send in their officers at once.

On motion, the magistrates in the county of Oconee are allowed to enter into the primary election for said office, and the voters in the precincts in which the magistrates are situated may vote their choice of said magistrates. This, however, is left optional with the voters in said precincts.

The following assessments were placed on candidates to enter this primary by the County Executive Committee:

Candidates for—	Each.
Legislature	\$50.00
Judge of Probate	20.00
Magistrates	5.00
Supervisor Registration	10.00

The following campaign meetings for county candidates were announced:

Oakway	Aug. 5.
Long Creek	Aug. 11.
Westminster	Aug. 12.
Seneca	Aug. 19.
Salem	Aug. 25.
Walhalla	Aug. 26.

Any community wishing a campaign meeting may have same by applying to the County Chairman.

J. H. Brown, Co. Chairman.
D. A. Smith, Secretary.

Wisconsin produced two-thirds of the cheese made in the United States last year.
